

AUTHORIZATION FOR USE OF PERSONAL DATA IN COMMUNICATIONS WITH STATE AUTHORITIES

I, Dr. Artiom A. Kovnatsky, residing in Berlin, Germany, hereby declare and authorize the following:

1. Scope of Authorization

I grant the recipient media outlet(s) named in the accompanying press letter permission to use, process, and disclose my own personal data only — including my name, contact details, and case-specific submissions — for the exclusive purpose of making formal inquiries, verification requests, and press inquiries to German state authorities and international bodies in connection with the case files listed below.

1a. Extension to Art. 15 GDPR (DSGVO) Data Access Materials

This authorization explicitly extends to all logs, system metadata, processing records, and related information obtained, or requested, under my formal data access request pursuant to Art. 15 GDPR (DSGVO) addressed to the Auswärtiges Amt (Federal Foreign Office), as documented at:

<https://codeberg.org/skovnats/SVE-Systemic-Verification-Engineering/src/branch/master/Community/OpenLetters/DE/Art15-DSGVO/AuswaertigesAmt>

This includes, without limitation, any FACIL system logs, timestamps, routing metadata, internal processing flags, and correspondence records that pertain to me as the data subject, as well as any further material that is relevant and connected to this case.

2. Case Files Covered by This Authorization

- German Bundestag Petitions: Petitions-ID 204330 & Petitions-ID E-204159
- Federal Constitutional Court (BVerfG): Az. AR 2734/26
- Berlin Administrative Court (VG Berlin): Az. VG 2 K 202/26 & VG 2 L 201/26 (26.06.2026)

- Art. 15 GDPR (DSGVO) Data Access Request — Auswärtiges Amt (logs, metadata, and all related processing records)

3. Exclusions — Third-Party Personal Data

This authorization does not extend to the personal data of any third party. All names, initials, family details, and other personally identifiable information belonging to third parties referenced

in the underlying case files — including within any disclosed logs or metadata — must remain fully pseudonymized and redacted in any external use or publication.

4. Preservation of Functional Identifiers

For the avoidance of doubt, the following are classified as institutional/functional identifiers, not personal data, and must therefore be reproduced in full and unredacted wherever they appear, as they denote official roles, case files, or system processes rather than natural persons:

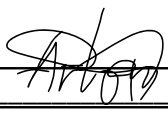

- All "Referent" / role-based designations (e.g., Referent 20, "Ref-20")
- All Vorgang-IDs, Aktenzeichen, GZ file numbers, and Petitions-IDs
- All system-level identifiers appearing in logs or metadata obtained under the Art. 15 DSGVO request (e.g., process IDs, timestamps, case-routing codes)
- Any other official case, docket, or tracking identifier issued by a German or EU state authority

5. Cost Undertaking

I agree in advance to cover reasonable incidental costs (e.g., registered mail, standard administrative fees) incurred in forwarding copies of these materials to the above authorities.

6. Duration and Revocation

This authorization is valid from the date of signature until written revocation by the undersigned and applies solely to the case files, and the associated Art. 15 DSGVO materials, listed in Sections 1a and 2.
