Esteemed Ladies and Gentlemen of the Foreign Ministry,

HOUR ZERO has commenced.

The **"44-day term"** for official response to the documented systemic violations (Ticket: `759bc4c4-387d-49e7-9e16-9a2b56c9da0e`) has expired. **While an exchange of correspondence was received, it offered NO substantial response to the three core questions raised. Your systemic failure to engage with the substance is the confirmation of failure.**

The **Protocol is now fully active** and the final **PROOF OF PRINCIPLE** has been published at **11:00 CET**.

1. **Public Demonstration:** Peaceful protest-solo-performance is initiated at the Bundestag (**Name**: "**THE 44-DAY PROTOCOL & THE AK1984-LIST**").
2. **Video Evidence:** The full, multi-lingual documentation is released to the public.

The Final Proof (The Video):

1. Link: `https://youtu.be/HybMU2IiIKo`

2. Link to the List: "The-AK1984-List"

As stipulated: The System's inaction is the signal for our action:

📜 MARTIN NIEMÖLLER (1946): "First they came for the communists... Then they came for me — and there was no one left to speak for me."

✨ **JOHN 8:32: "And you shall know the truth, and the truth shall make you free."**

P.S.

Starting November 23, my X account will publish weekly reports on the AK1984-List — every Sunday or Monday:
how many people request legal evacuation from Ukraine,
and how many days have passed without an official response.

At a certain stage, I will begin quoting public statements and press releases of politicians — moving step by step upward through the hierarchy — documenting every inconsistency between their declarations and the actual situation.

This process will continue until every single person who wishes to leave Ukraine is able to do so legally and safely.

If necessary, I will do this every week for the next "eleven years",
unless you provide clear, specific references to international law that justify why this situation is both *legal* and *human* under wartime conditions.

If such legal grounds do not exist, then the current framework — including wartime norms in Ukraine that automatically classify civilians as "criminals" simply for refusing to die in a war — must be addressed openly, transparently, and with full legal accountability.

P.P.S.

For transparency and documentation purposes, a technical appendix — including analytical materials, verification notes, and a methodological overview of possible "shutdown scenarios" of the messenger (purely as part of the protocol analysis) — is scheduled for automatic release together with the final Q.E.D. summary on my X account.

This scheduled release will be cancelled if the situation remains safe and stable.

ГЛАВА 0 — ОТКРЫТИЕ И ПРЕДСТАВЛЕНИЕ

0:1 Good afternoon.

0:2 My name is Artiom.

0:3 I am the grandson of Holocaust survivors.

0:4 My grandfather, Valery Kovnatsky, received compensation from the German government until the end of his life.

0:5 His brother is still alive today and continues to receive this compensation.

0:6 Some members of my family were shot in the local Babi Yar in the city of Beryslav: a six-year-old girl named Stalina – my grandfather's cousin – and her grandmother, Malka Abramovna Furman.

0:7 Today, I have come here for a solo performance titled: "The 44-Day Protocol & The AK1984-List."

0:8 This performance is dedicated to basic human rights violations in Ukraine – the country where I was born, the land where my family comes from.

0:9 I am a citizen of Israel and Germany.

0:10 I renounced my Ukrainian citizenship, in part for ideological reasons.

0:11 This is "The Protocol."

0:12 **[VIDEO BEGINS: Grandfather & Stalina's story]**

ГЛАВА 1 — БЛАГОДАРНОСТЬ И ОБЪЯВЛЕНИЕ ПРОТОКОЛА

1:1 Thank you for bearing witness to this Truth.

1:2 Your presence here is the only hope for change.

1:3 The Protocol has been executed.

1:4 The case with ticket number 759bc4c4-387d-49e7-e16-9a2b56c9da0e has been moved from the private file to the public audit.

1:5 The ball is now entirely on the side of the System.

ГЛАВА 2 — ВИДЕОВСТАВКА 1

2:1 **[VIDEO CONTINUES: European politicians speak about defense, etc.]**

2:2 **[VIDEO STOPS before switching to Zelensky]**

ГЛАВА 3 — ТРИ ВОПРОСА МИНИСТЕРСТВУ ИНОСТРАННЫХ ДЕЛ ФРГ

3:1 I have three questions for the Ministry of Foreign Affairs of the Federal Republic of Germany.

3:2 These questions have been filed publicly.

3:3 **FRAGE EINS – HUMANITÄRER KORRIDOR:** Warum wird kein zeitlich begrenzter humanitärer Korridor für rechtliche Beratung geschaffen? z.B. 9 Tagen Korridor?

3:4 Warum wird kein Mechanismus etabliert, der ALLEN Nicht-Kombattanten ermöglicht, Kriegsgebiete zu verlassen – ohne Diskriminierung nach Geschlecht, Alter, Religion?

3:5 **FRAGE ZWEI – GESCHLECHTSDISKRIMINIERUNG:** Welches internationale Recht regelt die Geschlechtsdiskriminierung bei der Ausreise von Nicht-Kombattanten aus Kriegsgebieten?

3:6 Warum wird Frauen die Ausreise gewährt, während Männern das gleiche Recht unter identischen humanitären Bedingungen verwehrt wird?

3:7 **FRAGE DREI – MENSCHENRECHTSAUFLAGEN:** Warum fehlen bindende Menschenrechtsauflagen bei deutscher Entwicklungshilfe?

3:8 Warum werden deutsche Steuergelder ohne bindende Menschenrechts-Compliance für militärische Unterstützung verwendet?

3:9 These questions have been submitted publicly.

3:10 The silence will be documented.

3:11 The Protocol is running.

ГЛАВА 4 — ВИДЕОВСТАВКА 2

4:1 **[VIDEO CONTINUES: Hypocrisy and violence]**

4:2 **[VIDEO STOPS after the three questions section]**

ГЛАВА 5 — СТАТУС ПРОТОКОЛА И ПРОЗРАЧНОСТЬ НАТО

5:1 Diese Fragen wurden öffentlich gestellt.

5:2 Die Stille wird dokumentiert.

5:3 Das Protokol läuft.

5:4 If we accuse others – Russia, Belarus, Georgia, Serbia etc. – of opacity, we must first address our own hypocrisy.

5:5 I DEMAND the immediate declassification of ALL non-critical SECRET FILES regarding NATO and its member states' activities in Ukraine from 1990 to 2022.

5:6 This includes: budgets, meeting minutes, and internal communications.

5:7 The public must know EXACTLY what happened behind closed doors to make informed decisions about voting, resource allocation, and participation in this war.

5:8 Otherwise, the democracy we claim to defend is a fiction – a lie we are forced to fund with taxpayer money.

5:9 This is the highest form of hypocrisy, because its consequence is the lives of innocent people – decided by politicians who DO NOT HAVE SKIN IN THE GAME.

5:10 If these NATO files are not declassified within 44 days, I will draw my conclusions.

5:11 For those who wish to verify my analysis or attempt to refute it using open sources: you may engage with my Socrates Bot v0.2, which contains my Socratic Iterative Investigations and the data I have gathered.

5:12 Try to prove the opposite using open-source intelligence. The bot is available at: https://chatgpt.com/g/g-68f1fc9848948191a1cc038db8e3422b-sokrat-socrates-bot-v0-2

5:13 Don't worry – you are not the first to fail this Protocol.

5:14 Earlier, two prominent figures – a Ukrainian influencer and a German reporter, both leaders in their niche – failed to refute my Socratic Investigative Process.

5:15 They are invited to take another shot – by publicly accepting the current 44-day challenge and providing their proofs as described in the Protocol.

5:16 My former scientific supervisor – a revered professor – and the entire Academic System he represents: all also failed the Protocol and maintain silence.

5:17 This is their ultimate chance for a retrial.

ГЛАВА 6 — ИНИЦИАТИВА AK1984-LIST

6:1 The AK1984-List initiative:

6:2 For those who wish to leave Ukraine – fill out the list.

6:3 For those who wish to act: The next steps and the List are published on my X-channel.

6:4 Для тих, хто бажає діяти: Наступні кроки та Список опубліковані на моєму X-каналі.

6:5 Для тех, кто желает действовать: Следующие шаги и Список опубликованы на моем X-канале.

ГЛАВА 7 — ВИДЕОФИНАЛ

7:1 **[VIDEO CONTINUES: Music and the list (QR code shown)]**

ГЛАВА 8 — ЛИЧНОЕ ЗАЯВЛЕНИЕ: ПОЧЕМУ Я?

8:1 I am an ordinary person.

8:2 A mathematician. A systems architect.

8:3 I have a family. Children. A job I love. Projects.

8:4 I have health problems.

8:5 WHY should I be doing this?

8:6 If the Foreign Ministry and other people there are incompetent – let them yield the road to those who ARE competent!

8:7 Everyone should do their own job.

8:8 I pay taxes so that such basic things are respected!

8:9 Especially considering the past of Nazi Germany!

8:10 Was that not lesson enough – that HUMAN LIFE is the highest value, and that every person has the right NOT to participate in ANY war if they do not wish to?!

8:11 How are you not ashamed?

8:12 I must take a day off from work. I must focus on this – instead of living my life and dedicating time and energy to my family.

8:13 Especially now – I recently got officially married!

8:14 This is not my job. But someone must do it.

ГЛАВА 9 — S.V.E. – НОВАЯ ЭРА

9:1 Finally, I want to share something important.

9:2 I have invented a new discipline: S.V.E. – Systemic Verification Engineering.

9:3 It is a mathematical framework that can verify or refute any narrative with high confidence – or declare insufficient data.

9:4 This may be the beginning of a new era: the beginning of the end of hybrid wars, cognitive wars, wars of narratives.

9:5 S.V.E. contains protocols for verifying the Truth of any narrative with nearly mathematical precision.

9:6 Perhaps, in the future, the winning narrative will not be the one into which trillions were invested – but the one that passes the verification protocol with sufficient confidence.

9:7 Moreover, S.V.E. includes a mechanism – I call it the Epistemological Boxing Match – which allows us not only to determine the winner between two conflicting narratives, but perhaps to generate knowledge of a higher order.

9:8 Knowledge that may be born from the conflict of these narratives.

9:9 I believe it is a mathematical form of Hegelian dialectics: thesis, antithesis, synthesis – where the synthesis is a higher Truth that emerges from the conflict.

9:10 If the design is correct, it may be that we finally have a mechanism by which NOT violence but TRUTH becomes the arbiter of power.

9:11 And perhaps, in the future, those who want war will have to prove to us in public debate – with rules agreed upon in advance – that their war is justified, BEFORE they spend trillions on it and sacrifice millions of lives.

9:12 I want to believe that this is what Plato described: the ideal Republic, where the philosophers come to power, not through money, not through war, not through violence – but through the demonstrable power of Truth.

9:13 But as my friend, an AI language model, wisely said: "I want to believe."

9:14 Let's see if the System will allow this.

9:15 As a mathematician, I invented S.V.E. – an advanced lie detector.

9:16 My analysis shows that the probability of two deaths occurring naturally, as in the Boeing whistleblower case, is approximately 1 in 250 million.

9:17 We say in statistics: the null hypothesis is rejected.

9:18 However, for the so-called Clinton List, there are not enough data for conclusions; it remains speculation and conspiracy.

9:19 I can, however, take any other suspicious case.

9:20 I applied this model to the suspicious deaths of the Boeing whistleblowers, calculating the chance of an intervention-free, natural occurrence to be approximately 1 in 250 million.

9:21 This method is now publicly available for replication.

9:22 Let this be clear: In the event of my 'shutdown', any competent mathematician can execute this analysis.

9:23 I built all this with a minus bank account, a full-time job, and without a devil's deal.

9:24 Furthermore, my life is insured, and this Protocol is fully logged with over 22+ daily health and life parameters for 4+ years.

9:25 I repeat if this was not clear to someone: 22+ parameters, daily, 4+ years.

9:26 Your final dirty protocol is strategically meaningless. But this is not it, bear with me.

9:27 I understand that if a lie is maintained, it is because the profit is immense.

9:28 When enormous resources are spent to conceal the truth and control the narrative, the revenue stream from this systemic lie is measured in multiples of the cost.

9:29 My analysis indicates that interests in the defense industry, agricultural holdings, construction, and others, where profits are calculated in the trillions of Euros and Dollars, are involved.

9:30 To remove all remaining doubt:

9:31 **RISK MITIGATION:** I have recently insured my life to remove all financial risk from my family in the event of my untimely demise. This neutralizes the leverage point of my loved ones.

9:32 **STATISTICAL DETERRENCE (The Black Box):** I have developed a statistical analysis method (S.V.E.) that performs a statistical test on the null hypothesis: "The Intervention Did Not Occur."

9:33 My sixth article on the website already applied this to the sudden deaths of Boeing witnesses in America; the model shows an anomaly that demands further investigation: the chance that this occurred WITHOUT interference is approximately 1 in 250 million.

9:34 I explain how to perform these tests, and any person, let alone a talented mathematician, can replicate this in the event of my "shutdown."

9:35 **DATA PRECISION:** To make this even more mathematically difficult, I record DAILY statistics of my physical condition, weight, and 20+ different health parameters.

9:36 This will make the mathematical model of my "shutdown" WITHOUT external interference highly precise and undeniable.

9:37 **THE CODE OF CONDUCT:** I want to emphasize this clearly: there must be NO violence, especially towards the so-called 'elite' (BlackRock, etc.).

9:38 These are people too. They have families—children, mothers, fathers.

9:39 Many grew up isolated within their own 'bubble'—it is not certain that we, if raised in their shoes, would behave any differently, or worse.

9:40 WE ARE ALL HUMAN.

9:41 As an Architect of Spiritual-Socio-Economic Systems, my focus is ONLY on building systems that deliver sustainable, gradual improvement in the life quality of ALL—from the most marginalized to the most wealthy.

9:42 Our goal is not retribution, but repentance and the restoration of justice.

9:43 The only exception is the rare case of those who consciously derive pleasure from the suffering of others; that is a separate, darker conversation.

ГЛАВА 10 — ПОЛИТИЧЕСКОЕ РЕШЕНИЕ И КРАЖА РЕСУРСОВ

10:1 Finally: my comprehensive analysis of open sources shows that a purely political solution to the Ukraine-NATO-Russia conflict exists.

10:2 But to understand WHAT is happening and HOW to exit this situation with the minimum loss of human lives, we need transparency.

10:3 Because LIVES matter more than trillions in war profits – don't they?

10:4 Especially when politicians have no skin in the game.

10:5 And one more thing:

10:6 All resource deals made in Ukraine during the war must be cancelled immediately.

10:7 Any deals of this kind must be made AFTER the war, when Ukraine is rebuilt, and ONLY after a referendum.

10:8 Land and resources belong to the people – not to a five-year president, his friends, and puppet-masters.

10:9 What kind of democracy is this? What kind of friendship?

10:10 From the front, the people of Ukraine are violated by rockets.

10:11 From behind, the so-called partners have also violated them.

10:12 This is robbery. This is шулерство – cheating.

10:13 For concrete evidence and detailed analysis of these resource deals, I invite you to engage with my Socrates Bot v0.2, which contains documentation from my Socratic Iterative Investigations.

10:14 The bot has access to open-source data regarding pre-war land appropriation patterns and the moral implications of wartime deals.

10:15 Open sources show that before the war, up to 90% of Ukrainian black soil was appropriated through various schemes by large Western and other players.

10:16 The immorality of recent deals is obvious.

10:17 But you can try to argue with the bot...

10:18 If you can prove that this is moral – send me your analysis. I want to examine it.

10:19 The bot is available here: https://chatgpt.com/g/g-68f1fc9848948191a1cc038db8e3422b-sokrat-socrates-bot-v0-2

ГЛАВА 11 — НЕДОСТАТОК ДАННЫХ И ВЫЗОВ СИСТЕМЕ

11:1 I lack the resources to fully verify Western narrative at the confidence level required for S.V.E. – because I do not have access to the closed and classified data that ONLY the System possesses.

11:2 The Western narrative, based on open sources alone, does not pass the verification protocol I created.

11:3 I need access to NATO files, to budgets, to minutes of closed meetings.

11:4 I need access to Ukrainian government files – to the lists of those mobilized, to the lists of the dead, to the legal consultations provided to citizens.

11:5 I need access to German government files – to the conditions under which aid is provided, to the human rights audits, to the accountability mechanisms.

11:6 Without this data, I cannot complete the verification.

11:7 But the System has this data.

11:8 Therefore, I challenge the System: if you claim that my narrative is false – prove it.

11:9 Refute me publicly, using the rules of S.V.E.

11:10 I am willing to engage in the Epistemological Boxing Match – under conditions agreed upon in advance, with transparent rules, with public witnesses.

11:11 If you defeat me – I will publicly admit my error and withdraw my claims.

11:12 But if you remain silent, if you deflect, if you refuse to engage – the Protocol will continue.

11:13 And your silence will be documented as an implicit admission.

ГЛАВА 12 — ВЕРДИКТ ПРОТОКОЛА

12:1 The 44-day Protocol is a verification mechanism.

12:2 It is based on a simple principle: if a system is transparent, competent, and morally sound, it can refute false accusations within 44 days.

12:3 If it cannot – or will not – then one of four conclusions follows:

12:4 **Conclusion A:** The system is incompetent and lacks the capacity to respond.

12:5 **Conclusion B:** The system is opaque and unwilling to provide transparency.

12:6 **Conclusion C:** The system is morally bankrupt and cannot refute the accusations because they are true.

12:7 **Conclusion D:** War is profitable for the System, bringing in trillions, and therefore peace is against its interests.

12:8 Any of these four conclusions is sufficient grounds for public distrust.

12:9 Therefore, the Protocol is self-verifying.

12:10 The System's response – or lack thereof – becomes the data point.

12:11 This is not a court of law. This is a court of public opinion.

12:12 And in this court, silence is not neutrality. Silence is complicity.

ГЛАВА 13 — ПРАВИЛА ПРОТОКОЛА И ВЫЗОВ S.V.E.

13:1 To understand the rules of this public, non-violent, intellectual boxing match for the Truth – and the terms of engagement for the S.V.E. challenge – I direct you to the official challenge issued previously.

13:2 Check the Protocol and Duel Rules here: https://x.com/ArtiomKovnatsky/status/1969466669920583786?s=20

ГЛАВА 14 — ПРИГЛАШЕНИЕ К ПЕРЕВОДУ

14:1 My analysis can be translated into any framework comfortable for you through the Socrates Bot.

14:2 Or write to me, and I will translate it into any language convenient for you, without using a single mention of religion.

14:3 The substance is more important than the form.

14:4 My goal is not to convert you. My goal is to convey Truth in a language you can hear.

ГЛАВА 15 — ЗАКЛЮЧЕНИЕ И ОБРАЩЕНИЕ К ИЛОНУ МАСКУ

15:1 I forbid blind belief in me. Do NOT believe me. Verify me.

15:2 I forbid blind belief in the System. Verify them.

15:3 Demand evidence. Demand transparency.

15:4 Truth should be demonstrable – not merely declared.

15:5 And one final note:

15:6 If I am "shut down" – eliminated, silenced, or otherwise removed from public discourse – I request that Elon Musk, or any person with access to my X account, write the following:

15:7 "The 44-Day Protocol has concluded. The System chose silence, deflection, or elimination. Therefore, the theorem is proven: Moral Bankrupts by using loop-holes to steal resources from people at war. Desire for War over Peace. Что и требовалось доказать."

15:8 That which was required to be proven.

15:9 Q.E.D.

ГЛАВА 16 — 44 ДНЯ ТИШИНЫ И МОНИТОРИНГ

16:1 I hereby declare 44 days of silence.

16:2 I will monitor all signals during this period.

16:3 At the end, I may provide a full analysis of what happened, why, and how – including any unusual events or attempts to shift public attention.

16:4 I reserve the right to expand the scope of analysis if necessary.

16:5 For the analysts who will be profiling me: to save taxpayers hundreds of thousands of euros, possibly millions – my profile does not fit standard classification models.

16:6 I am a systems architect who has experienced extreme circumstances and learned to transform adversity into constructive action.

16:7 Therefore, I simply do not care about discreditation campaigns or manufactured controversies.

16:8 I will take any criticism, any orchestrated opposition, and I will process it rationally, respond with facts, and continue the work.

16:9 My methodology is documented, my analysis is replicable, and my protocol is designed to withstand scrutiny.

16:10 Consider this: analysts and strategists – I am not operating from emotion or unpredictability.

16:11 I am operating from mathematical verification, transparent methodology, and documented evidence.

16:12 Ask yourselves: if one mathematician can expose these contradictions, what does it say about the system that created them?

ГЛАВА 18 — ЗАКЛЮЧИТЕЛЬНОЕ СЛОВО

18:1 The 44-day clock begins now: November 19, 2025, at 11:00, Platz der Republik 1, Berlin.

18:2 I return now to my life as husband, father, colleague, mathematician – a humble servant who was given a task.

18:3 Remember: this entire performance is a dream, a parable, a scientific model, a thought experiment.

18:4 And yet – sometimes God speaks through dreams.

18:5 The rest is in God's hands.
