CASE 1: THE SOCRATIC SILENCE

44 days of questions from the grandson of a Holocaust survivor about **HUMAN RIGHTS**, TCC (forced mobilization), discrimination, corruption, freedom of speech and more...

Also the story of our family: Bürgermeister Fahlmann – who saved Jews. Proof that history is not black-and-white. All of it was ignored. Not a single answer.

CASE 2: THE ALLEY OF ANGELS

НЕ СЛЫШАТ

Blind spot detected. Deleting from ontology...

CASE 3: DEMOCRACY OF SILENCE

"It's **DEMOCRACY** – don't ask stupid questions.

He was (probably) a Russian spy.

Oles' Buzina – murdered in 2015. Still unsolved. It happened BEFORE the full-scale war – we didn't NOTICE.

CASE 4: THE ODESSA BBQ

"Spontaneous democratic combustion." Mass burning of people on May 2nd in Odessa? We prefer not to see.

CASE 5: ONTOLOGY MANAGEMENT
