@NandoDF Thank you for raising attention.

The description is not precise, though: it is not just "wealthy networks". Wealth, when acquired fairly and used to make the world a better place, is welcome.

The issue here is NOT wealth but: sex trafficking, pedophilia, satanic rituals, etc.

@NandoDF Also: "...could you please help me out again?..."

Academia in decline: money, grants, citations, etc., replacing the SPIRIT of being a Scientist!

Perelman, Socrates, Bruno etc... these should be our orientiers.
